

**REMARKS**

Claims 3-4 are pending and have been amended. Claims 1-2 and 5 have been cancelled. Claims 6-20 have been added to further set forth the invention. The specification has been amended to specifically identify that the government has certain rights to the invention. It is respectfully submitted that these amendments are supported by application as originally filed and that no new matter has been added.

The Examiner rejected claims 3-4, but suggested language that would overcome such rejection. This language has been adopted. Accordingly, it is respectfully submitted that these claims as well as this application now stands in condition for allowance. The Examiner's further consideration and favorable action are respectfully requested.

Respectfully submitted,
